FIREPLACE INSERTS

E-Z FLO MODEL 503

Hitzer Model 503 E-Z Flo Fireplace Insert expresses outstanding design, first-class originality, and extreme customer satisfaction. Developed to comfortably fit into almost every standard masonry fireplace, the 503 fireplace insert provides a large amount of heat output, while enhancing the beauty of a traditional fireplace.

This fireplace insert is equipped with a thirty pound E-Z Flo hopper design system and has grown immensely in popularity because of this unique and popular hopper insert design. With advance design to exploit efficiency, the 503 insert utilizes the baffle plate design system as well as incorporates multiple air intake locations to maximize heat and efficiency.

MODEL 983

The 983 Fireplace Insert is exalted with beauty and performance. Built to fit most standard masonry fireplaces, this insert allows for easy installation into existing fireplaces, while greatly enhancing the heat output compared to the traditional fireplace.

Efficiency is a priority of all of Hitzer stoves, including the 983 fireplace insert. With an exceptional baffle plate system and 16 directional air baffles, the 983 captures and directs all of the warmth and heat into your home. You will be astonished by the beauty and relaxation of the this fireplace insert.
